

# PM30

## ENABLING RETAILERS TO ADDRESS THEIR BUSINESS NEEDS

### Our slimmest and lightest rugged device yet

With a thickness of 10mm and a light weight of 165g, the PM30 was made to support your staff at any front or back store task. Carefully tuned for the retail industry, the PM30 is packed with performance features - all in a sleek and ergonomic housing and so light, you will hardly feel it when you carry it around. Make it tougher with the optional protective case, mount it on your arm or wrist, and enjoy extended battery life with the optional extra battery case.

### Get inspired by PM30's design and features

The PM30 makes no compromise when it comes to technical specifications: The 2.2GHz Octa-core processor and 4GB RAM / 64GB ROM boost the PM30's performance and runs on Android 10. With a brand new ultra-slim scan engine for easy data collection you will be able to precisely capture all standard 1D and 2D codes. The integrated 3,250mAh battery powers the 4.7in screen the entire day for absolute productivity. Integrated Wifi and LTE functionality lets you reach out to your staff in real-time which makes the PM30 ready for any retail application.

### Use it confidently even in harshest environments

Designed to master rough tasks, PM30 is water and dust proof (IP67) and withstands multiple drops from 1.5m to concrete at room temperature. The display is covered by Corning Gorilla Glass for optimal protection against impact and scratches.
